MEDITERRANEAN CARDIAC COURSE

“United We Beat Heart Failure”

TSCVS
TURKISH SOCIETY OF
CARDIOVASCULAR SURGERY

17 November 2022, Thursday

08.45 - 08.50 Opening Ceremony

08.50 - 10.10 Session I: Patient Selection - Thunderstruck

Moderators: Mustafa Özbaran, Ahmet Rüçhan Akar

Discussant: Feras Bader

08.50 - 09.00 Kadir Çalışkan

EUROMACS

Objective: "The palest ink is stronger than the sharpest memory":
Data collection and analysis.

09.00 - 09.10 Steven Tsui

Extended Marginal Donors for Heart Transplantation: Cut off Points for "Marginal"

Objective: Discussing "marginal" donor profile on basis of Troponin levels,
Inotrop need, Intoxication history, Unknown Arrest Period, Infection markers and BMI,
Intracranial tumors.

09.10 - 09.20 Sanem Nalbantgil

INTERMACS III, IV & V Patient Selection for VAD: To be by patients side

Objective: Discussing ideal patient profile and timing for patient selection for BTT
and DT LVAD.

09.20 - 09.30 Hadi N. Skouri

INTERMACS I & II Patient Selection for VAD: It is a Heartache?

Objective: Discussing the LVAD implantation in the crash and burn or sliding fast.

09.30 - 09.40 Evgenij V. Potapov

Biventricular Fail Play- Don't Leave Me Now: Evidence for BiVAD

Objective: Discussing BiVAD implantation for patients on the waiting list under
donor shortage.

09.40 - 10.10 Interactive Discussion

10.10 - 10.30 Coffee Break ☕

10.30 - 11.40 Session II: How Do I Implant?

Moderators: Ömer Bayezid, Serap Aykut Aka, Ümit Kervan

Discussants: Robert Kormos, Stephan Schueler, Saeid Hosseini

10.30 - 10.40 Arnt Fiane

How Do I Implant the LVAD? Sternotomy

Objective: Key aspects of LVAD implantation and concomitant interventions.

10.40 - 10.50 Peter Ivak

How Do I Implant the LVAD? Minimal Invasive

Objective: Alternative techniques for LVAD.

10.50 - 11.00 Pascal Leprince

Alive and kicking - How Do I Implant?: BiVAD

Objective: Technique for the short-term device to RVAD and BiVAD implantation.

11.00 - 11.10 Arjang Ruhparwar

The Light Will Stay on - Strategy Transitions from Temporary to Durable MCS

Objective: Device options for short-term support. When is the optimal time to transition from temporary to durable MCS?

11.10 - 11.40 Interactive Discussion

11.40 - 12.00 Coffee Break ☕

12.00 - 13.10 Session III: Post-Implantation

Moderators: Kaan Kirali, Tahir Yağdı, Orhan Gökalp

Discussants: Pascal Leprince, Feridoun Noohi, Denyan Mansuroğlu, Ünal Aydın

12.00 - 12.10 Feras Bader

The Right Ventricle: Predicting the Duchess' Adaptation to LVAD

Objective: *Discussing evaluation of the Right Ventricle before LVAD implantation.*

12.10 - 12.20 Finn Gustafsson

A Tale of the Right Ventricle Following LVAD

Objective: *Discussing the management of the right ventricle before and after LVAD implantation.*

12.20 - 12.30 Diyar Saeed

Dancing with Anticoagulation and Bleeding

Objective: *Discussing anticoagulation and bleeding (GI and cerebral) management in LVAD recipients.*

12.30 - 12.40 Righab Hamdan

Sailing to Outpatient Clinic - Management of VAD Recipients

Objective: *Discussing patient assessment and management in the ambulatory setting.*

12.40 - 13.10 Interactive Discussion

13.10 - 14.20 Lunch 🍽️

14.20 - 15.30 Session IV: What to Do When It is More Complicated?

Moderators: Mehmet Balkanay, Şeref Alp Küçüker, Korhan Erkanlı

Discussants: Riyad Y. Tarazi, Dimitar Petkov, Georges Tedy, Jihad Ramahi

14.20 - 14.30 Murat Sargin

Pump Thrombosis - Wish You Were Here

Objective: *Discussing early diagnosis of pump thrombosis and it's management.*

14.30 - 14.40 Jan D. Schmitto

Heartware to Heartmate 3 Exchange: Eye to Eye

Objective: *Surgical management of pump exchange.*

14.40 - 14.50 Feras Khaliel

AI Management

Objective: *Discussing identification and management of AI, indications and options for Aortic Valve Intervention.*

14.50 - 15.00 Sabit Kocabeyoğlu

Driveline Infections - Crush

Objective: *Discussing prevention and therapy of driveline infections.*

15.00 - 15.30 Interactive Discussion

15.30 - 15.50 Coffee Break 

15.50 - 17.00 Session V: Small Patients, Solving Big Problems

Moderators: Çağatay Engin, Atilla Sezgin, Süha Küçükaksu

Discussants: Martin Schweiger, Erman Pektok, Zeynep Eyileten

15.50 - 16.00 Daniel Zimpfer

Rationale for VADs in Pediatric Patients: Breathe the State of Art

Objective: *Discussing rationale of indications for implanting VADs in pediatric patients.*

16.00 - 16.10 Timur Khalilullin

Implanting a VAD to a Small Patient - Give a Little Bit

Objective: *Discussing operative techniques in small patients.*

16.10 - 16.20 Bart Meyns

Implanting a VAD to a Pediatric Patient: It's Raining Again

Objective: *Discussing operative techniques in pediatric patients.*

16.20 - 16.30 Martin Schweiger

Short-Term Device for Pediatric Patient

Objective: *Discussing long-term management and bridging scenarios in pediatric patients.*

16.30 - 17.00 Interactive Discussion

17.00 - 17.30 Closing

19.30 - 22.00 Faculty Dinner 🍴

17 November 2022, Thursday

15.30 - 17.00 Workshop for VAD Coordinators

18 November 2022, Friday

09.00 - 09.30

Muhammad Mohiuddin

Honorary Lecture "The Story of Xenotransplantation"

Hands-on Workshop Sessions

**18 November 2022, Friday
19 November 2022, Saturday**

09.30 - 18.00

TSCVS Plenary Sessions for "Cardiac and Vascular Surgery"

Attendees will be free to attend "TSCVS Annual Meeting Sessions" during 18-19 November.

09.40 - 10.10 Interactive
